Volltext	The Abitur at the Abendgymnasium is part of the education offered by the adult school. The evening grammar school is a grammar school course that is geared towards the needs of working adults. The evening grammar school course is divided into an initial phase, a 1-year introductory phase and a 2-year qualification phase, depending on previous schooling. Teaching is based on the concept of "blended e-learning", i.e. it comprises face-to-face and distance learning phases. Classroom teaching usually takes place at our school three evenings a week. Students who still have to take the 2nd foreign language must come on 4 evenings. The distance tasks, which are made available to you via a learning platform, you work on at home according to your own time constraints.
