Sachverhalt

The maximum possible funding period depends on the objective of the measure and your individual support needs and is partly regulated by law. For example, measures can take place with an employer for a maximum of 6 weeks. If you are long-term unemployed or have particular barriers to placement, you can participate for up to 12 weeks.

The provision of vocational skills may not exceed 8 weeks. Longer qualifications or measures that lead to a vocational qualification can be funded for adults through the promotion of further vocational training (education voucher).

The employment agency will inform and advise you about offers and funding opportunities.

There is no legal entitlement to funding. Your employment agency will decide whether and to what extent you will receive support.

Exception: After six weeks of unemployment and entitlement to unemployment benefit, you are generally legally entitled to an activation and placement voucher to commission a private employment agency.
