Teaser	If you import goods with a material value of up to EUR 150 into the EU as an entrepreneur, you can declare and pay tax on the resulting turnover centrally using the Import-One-Stop-Shop (IOSS) procedure.
Volltext	The Import-One-Stop-Shop (IOSS) procedure is a special regulation in the area of VAT. It enables you to pay tax centrally in an EU member state on your sales from the import of goods with a value of up to EUR 150 into the European Union (EU). This exempts you from import VAT on imports. You only need to submit a tax return in one EU member state for all your transactions that fall under this special regulation (one-stop shop principle). You can then pay the resulting tax in full in one step. If you have appointed a representative to participate in the IOSS procedure, they will submit the tax return for you and pay the VAT due. When using the IOSS procedure, you can use a customs declaration with a reduced data set for customs clearance.

Modul
Sachverhalt

You can use the procedure as soon as you have received your individual identification number. If you decide not to use the IOSS special regulation, you must go through the normal customs declaration procedure. You will then have to pay import VAT on import.

If you are based in the EU, you can apply for participation in the IOSS procedure in your country of residence. If you are not based in the EU, you can apply for participation in an EU member state of your choice. If you have appointed a representative based in the EU, your participation must be requested by the representative in their country of residence.

You may only register for participation in the procedure in one EU member state. As a registered trader, you must deregister from the procedure in the following cases:

- If you no longer import goods from third territories or third countries.
- If you no longer fulfill the conditions for participation in the IOSS procedure.

You or your representative must submit your application to participate in the IOSS procedure online via the BZSt online portal (BOP).

If you or your representative apply to participate in the IOSS procedure in Germany, you must submit your tax return electronically via the BOP. If you discover that a tax return you have already submitted is incorrect, you must correct this at a later date via the BOP.

Please note The EU directive will be transposed into national law by 1.7.2021.

Erforderliche Unterlagen

- none

Voraussetzungen

The IOSS procedure is open to

- Entrepreneurs who are established in the European Union (EU) or are not established in the EU and come from a country with which the EU has concluded an

Modul
Sachverhalt

agreement on mutual administrative assistance or are not established in the EU and have appointed a representative established in the EU and import goods not subject to excise duty with a material value of up to EUR 150 into the EU.

Further requirements:

- You are registered in the BZSt online portal (BOP) and have a BOP or EOP certificate.

Kosten

- none

Verfahrensablauf

You or your representative must apply for participation in the Import-One-Stop-Shop (IOSS) procedure online via the BZSt Online Portal (BOP). To do this, you or your representative must first register for participation in the procedure in the BOP.

- You or your representative log in to the BOP.
- You or your representative submit your tax return online in the BOP.
- Transfer the declared tax amounts to the bank account notified to you.

Please note If you already have an EOP certificate, the specified registration process for the BOP is not required.

Bearbeitungsdauer

- for registration in the BOP: up to 6 weeks
- for processing the notification of participation in the Import-One-Stop-Shop procedure: 2 to 14 working days

Frist

- Submission of tax returns: within one month of the end of each tax period Example: The tax return for July must be submitted in August
- Payment of tax: by the last day of the month following the tax period Example: The tax for July must be paid by 31.08.
- Correction of incorrect tax returns: within three years from the date on which the original tax return was to be submitted
- Deregistration from the procedure (standard case): before the start of a new tax period or month
- Deregistration from the procedure (special case: in the event of a change in the Member State of identification): no later than the 10th day of the month

Modul

Sachverhalt

- Electronic notification of changes to registration data: no later than the 10th day of the month following the change in circumstances Example: Change of address data
