Sachverhalt

For classic car license plates and red license plates for recurring use, you pay a fixed flat-rate annual tax, which is lower for motorcycles (motorcycles) than for motor vehicles and trailers.

You can calculate the estimated amount of vehicle tax for your vehicle using the vehicle tax calculator from the Federal Ministry of Finance (BMF).

As the owner of the vehicle, you are the tax debtor and must pay the vehicle tax. If you do not pay the vehicle tax, for example due to insufficient funds in your account, the main customs office will take measures to collect the money from you. This also includes enforcement measures.

Under certain circumstances, you may have to pay less vehicle tax or none at all. This applies, for example, to

- People with severe disabilities,
- foreign vehicles,
- purely electric vehicles and
- cars that produce particularly low emissions.

You must notify your main customs office of the following changes to the account holder:

- Change of name,
- Change of address and
- Change of bank details.

You must notify the registration office directly of the following changes:

- Changes to the vehicle owner's details
- Technical changes to your vehicle
