Sachverhalt

You can pay 1 to 12 monthly contributions per calendar year. You are free to choose the amount within a fixed range between minimum and maximum contributions. You can change the contribution amount for the future at any time, stop paying and then start paying again later. Your pension insurance institution will issue you with a certificate of your voluntary contributions paid in the previous year.

If you need insurance periods for a pension entitlement, it depends on the number of voluntary contributions. If you want to increase your pension, the amount of voluntary contributions matters.

Voluntary insurance is no longer permitted

- as soon as your full old-age pension has been bindingly approved and
- the month in which you reach the standard retirement age has expired.

If, on the other hand, you only receive a partial old-age pension, you can continue to pay voluntary contributions.

Erforderliche Unterlagen

- You do not need to submit any documents.

Voraussetzungen

You can pay voluntary contributions to the pension insurance if you

- have reached the age of 16 and
- are not subject to compulsory insurance in the statutory pension insurance.

This applies to any person who has their residence or habitual abode in Germany. The requirements also apply to Germans who have their habitual residence abroad.

Kosten

There are no costs for you.
