Volltext	**Product information from the Federal Institute for Materials Research and Testing (BAM)** A list of the product rules issued by the Federal Institute for Materials Research and Testing for the non-harmonised and harmonised sectors can be found below. **Product rules for the non-harmonised sector** **Product type** : **Solid fuel boiler** **Name of the legal act/standards** : European regulation: [Regulation (EU) 2015/1189 with regard to ecodesign requirements for solid fuel boilers](https://eur-lex.europa.eu/legal-content/EN/TXT/HTML/?uri=CELEX:32015R1189&from=DE) of 28 April 2015 Transposition in Germany: [First Regulation implementing the Federal Immission Control Act (Regulation on small and medium-sized combustion plants, 1.](https://www.gesetze-im-internet.de/mpg/)[BlmSchV]](https://www.gesetze-im-internet.de/mpg/) of 26 January 2010

Modul

Sachverhalt

****Main requirements for business users**** : The particulate matter limit value for solid fuel boilers imposed by Germany continues to apply.

The particulate matter limit value for the placement on the market of solid fuel boilers set out in the Regulation with regard to ecodesign requirements for solid fuel boilers, which has applied throughout Europe since 1 January 2020, is less demanding than that specified in the First Regulation implementing the Federal Immission Control Act (Germanys Regulation on small-sized combustion plants).

****Contact details for the competent authorities**** :

Federal Ministry for the Environment, Nature Conservation and Nuclear Safety (BMU)

Email: poststelle@bmu.bund.de

****Product type**** : ****Coffins****

****Name of the legal act/standards**** :

[DIN EN 15017 Funeral services - requirements](<https://www.beuth.de/de/norm/din-en-15017/305932616>)

[VDI 3891 Emission control - human cremation facilities](<https://www.vdi.de/richtlinien/details/vdi-3891-emissionsminderung-anlagen-zur-humankremation>)

As a general rule, the municipalities set out their own requirements in cemetery regulations.

****Main requirements for business users**** : Coffins must not impede the decay process and must not release any polluting substances during their own decomposition or combustion. Certain varnishes, handles and interior fittings can be particularly problematic in this respect.

****Contact details for the competent authorities**** :

Modul

Sachverhalt

Not applicable

Product type : **Bicycles**

Name of the legal act/standards :

European regulation: No specific regulations apply to bicycles, which means that they are covered by the general product safety rules.

Transposition in Germany: [Road Traffic Licensing Regulation (StVZO)](https://www.gesetze-im-internet.de/stvzo_2012/)

Main requirements for business users : A bicycle must have two independent brakes, a clearly audible bell, one illuminating device and several reflectors. Illuminating devices are only approved for use on the roads if they display a test mark from the [Federal Motor Transport Authority (KBA)](<https://www.kba.de/>) (a wavy line, a capital letter K and a five-digit number).

A pedelec is permitted to have an electric support motor with a maximum output of 250 W and to reach speeds of up to 25 km/h.

Faster pedelecs or electric mopeds require a type approval from the

[Federal Motor Transport Authority](<https://www.kba.de/>).

****Product type**** : Plug-in solar panels

****Name of the legal act/standards**** :

European regulation: CE marking, compliance with all the relevant regulations.

Transposition in Germany: There are no special statutory regulations. However the network operators responsible for safe and reliable network operation impose requirements (typically compliance with the standards DIN VDE V 0100-551 and DIN VDE V 0100-551-1). In addition, connections via two-pin earthed plugs are not permitted; a special plug connection pursuant to VDE V 0628-1 must be used:

[DIN VDE V 0100-551](https://www.vde-verlag.de/normen/1100533/e-din-vde-0100-551-vde-0100-551-2018-12.html)
Low-voltage electrical installations Part 5-55: Selection and erection of electrical equipment - Other equipment - Section 551: Low-voltage generating sets

[DIN VDE V 0100-551-1](https://www.vde-verlag.de/normen/0100460/din-vde-v-0100-551-1-vde-v-0100-551-1-2018-05.html) Low-voltage electrical installations Part 5-55: Selection and erection of electrical equipment - Other equipment - Section 551: Low-voltage generating sets - Installation of generating sets for parallel operation

****Product type** :** ****Waste electrical and electronic equipment****

****Name of the legal act/standards** :**

European regulation: [Directive 2012/19/EU on waste electrical and electronic equipment](<https://eur-lex.europa.eu/LexUriServ/LexUriServ.do?uri=OJ:L:2012:197:0038:0071:en:PDF>)

Transposition in Germany: [Act on the placing on the market, return and environmentally sound disposal of electrical and electronic equipment (Electrical and Electronic Equipment Act, ElektroG)](https://www.gesetze-im-internet.de/elektrog_2015/)

Modul

Sachverhalt

****Main requirements for business users** :**

Mandatory registration: It [waste electrical and electronic equipment] is subject to registration if you are a manufacturer within the meaning of the Electrical and Electronic Equipment Act and the products that are offered fall under the scope of the Electrical and Electronic Equipment Act as electrical equipment. Subject to registration means that you must be in possession of the approval required for this purpose in the form of the registration notice before you place electrical equipment on the market. This obligation applies to each individual manufacturer, and to each individual authorised party in the cases covered by the authorisation pursuant to Section 8 ElektroG.

Modul

Sachverhalt

****Product type**** : Packaging and packaging waste

****Name of the legal act/standards**** :

European regulation: Directive 94/62/EC on packaging and packaging waste

Transposition in Germany: [Act on the placing on the market, return and high-quality recycling of packaging (Packaging Act, VerpackG)](<https://www.gesetze-im-internet.de/verpackg/>)

****Main requirements for business users**** :
Mandatory registration for manufacturers/initial placement on the market.

Anyone who places packaging subject to mandatory system participation on the market in Germany (manufacturer/first party to place the product on the market) must be registered with the Central Agency Packaging Register (ZSVR) on the LUCID Packaging Register. The status of manufacturer is based on the first commercial placement on the market or import into Germany and does not depend on the distribution method or commercial stage (Section 3 of the Packaging Act (VerpackG)).

****Product type**** : ****Noise emission by equipment for use outdoors****

****Name of the legal act/standards**** :

European regulation: [Directive 2000/14/EC on noise emission in the environment by equipment for use outdoors](https://eur-lex.europa.eu/legal-content/EN/XT/HTML/?uri=CELEX:32000L0014&from=DE)

Transposition in Germany: [Thirty-Second Regulation implementing the Federal Immission Control Act (Equipment and Machinery Noise Control Regulation, 32.)(https://www.gesetze-im-internet.de/gsgv_9/)[BImSchV)](https://www.gesetze-im-internet.de/gsgv_9/)

****Main requirements for business users**** : If the enclosed EC declaration of conformity is not issued in German, a copy of a German translation must also be enclosed. (Section 3)

Manufacturers duty to provide information:

The manufacturer or the manufacturers authorised representative must forward to the competent Land authority (only manufacturers based in Germany) and the European Commission a copy of the EC declaration of conformity for each equipment/machine type. The entry of machine data by the manufacturer into the [KarLA database](https://www.karla-info.de/) complies with this national obligation. The data themselves can be entered following registration as a manufacturer.

Modul

Sachverhalt

The European obligation can be met by ensuring that an entry is also made in the [Noise Database](<https://ec.europa.eu/growth/sectors/mechanical-engineering/noise-emissions/>) itself. The database can be found under EC Declaration of conformity.
