Teaser	If you wish to market food supplements in Germany, you must notify the Federal Office of Consumer Protection and Food Safety (BVL).
Volltext	Food supplements must meet certain legal requirements. This applies not only to the manufacture or declaration, but also when you make the product available for sale or use. In the following cases, please send a notification to the Federal Office of Consumer Protection and Food Safety (BVL): Initial notification: You must notify the BVL at the latest when you distribute the product on the German market for the first time or offer it for use or sale. You must submit a separate notification for each product. Notification of change: Notify the BVL, for example, if the already notified product • has a changed recipe, • you change the consumption recommendations or • your company has a new address. Second notification: You must also send a notification if the product • is already registered in another EU Member State and • you wish to place the product on the market in Germany for the first time. The BVL will forward your information to the

Modul	Sachverhalt
	competent authorities in the federal states and to the Federal Ministry of Food and Agriculture. The competent authorities of the federal states monitor compliance with the legal requirements. As a company, you are responsible for implementing these requirements. The BVL does not assess the marketability of the products, i.e. the extent to which they comply with food law regulations. Therefore, the BVL cannot confirm whether your product complies with the food law regulations within the scope of the notification. No authorization or approval is granted after the notification of a food supplement has been submitted.
Erforderliche Unterlagen	• Sample of the label in German to be used for the product • If there are several pack sizes or flavors, please submit all corresponding product labels. • Authorization if you are notifying the product on behalf of the responsible food business operator • If you have already notified your product in another EU Member State, the following documents are optional: Confirmation of the first notification as a copy German or English translation of the confirmation, if applicable
Voraussetzungen	• You are planning to launch food supplements on the German market.
Kosten	Abgabe: Es fallen keine Kosten an There are no costs.
Verfahrensablauf	You can submit the notification online via the federal portal: • Call up the online form on the federal portal verwaltung.bund.de. This will guide you step by step through the necessary information. • Complete the form, upload the required documents and submit the notification online. • You will receive a confirmation of receipt.
Bearbeitungsdauer	Duration: 0.5 hours Note for further information on the processing time: Processing is completed once the notification form has been sent or confirmation of receipt has been received.

Modul	Sachverhalt
Frist	You must make the notification at the latest when you make the product available for sale or use in Germany.
weiterführende Informationen	https://www.bvl.bund.de/nem
Hinweise	The confirmation of receipt of the notification does not constitute a certificate as to whether the product is marketable. The marketability of the product (e.g. labeling) is not checked in the notification. A notification does not replace the individual obligation to comply with food law regulations.
Rechtsbehelf	none
Kurztext	• Notification of food supplements Receipt • Companies notify the Federal Office of Consumer Protection and Food Safety (BVL) of the making available for sale or use of food supplements • Initial notification must be made at the latest when companies offer or distribute the products on the German market for the first time • Notification of changes: Companies notify changes to products that have already been notified, for example changed formulation, new instructions for use or new company address • Second notification is required if the product is already registered in another EU Member State and is to be placed on the market in Germany for the first time • Notification can only be made online • Companies send a sample of the label in German and further information • BVL forwards information to the competent food control authorities of the federal states and to the Federal Ministry of Food and Agriculture • The content of the information and documents is not checked • This is not an authorization • Responsible: Federal Office of Consumer Protection and Food Safety (BVL)
