Teaser	As a non-governmental organization (NGO), you can voluntarily report private development cooperation activities to the Federal Statistical Office. The data collection serves the purpose of reporting to the Organization for Economic Cooperation and Development (OECD).
Volltext	Every year, statistics are collected in Germany on the amount of financial contributions to development cooperation. This survey is carried out by the Federal Statistical Office on behalf of the Federal Ministry for Economic Cooperation and Development (BMZ). Both public contributions and contributions for private development cooperation are taken into account when compiling the annual statistics. The Federal Statistical Office relies on the voluntary reporting of private contributions so that the German contributions can be depicted as comprehensively and realistically as possible.
Erforderliche Unterlagen	List of services, each assigned to a developing country or (if not assignable to individual countries) the associated region.
Voraussetzungen	Private services must be • be financed from own funds and donations from NGOs (including membership fees). Under this condition, you can report the following services:
