Teaser	Would you like to find out more about the social situation in Germany? Then you can view the Poverty and Wealth Report.
Volltext	The Poverty and Wealth Report provides you with up-to-date information on the social situation in Germany. The report contains many data and figures that provide information about poverty and wealth in Germany. You will find out how various areas that influence people's social situation have developed. These include, for example • Income distribution • distribution of wealth • Receipt of social benefits • childcare • Investment in education • Employment • Unemployment • Home ownership of private households • Housing cost burden • Relationship between health and social situation • Socio-ecological transformation The aim of the report is not only to present the poverty situation in Germany, but also to analyze it. The aim is to review the effectiveness of existing measures and identify policy options for preventing and combating poverty. At the same time, it shows how complex and multi-layered the reasons are that lead to poverty or wealth.

Modul	Sachverhalt
	The report is published regularly in the middle of a legislative period, i.e. between two federal elections.
