## Sachverhalt

- actual travel costs incurred and, if applicable, actual loss of earnings in the case of relatives and in-laws up to the 2nd degree, i.e. for example:
  - grandparents, parents, siblings, children, grandchildren
  - parents-in-law, brother-in-law, sister-in-law
- Costs for taking the child with you
- Costs for another accommodation of the child
- Costs for child care

The household help's duties include, for example:

- Shopping and preparation of meals
- Care of clothing
- care of the living quarters and
- Taking care of the children.

The statutory accident insurance will cover your daily costs up to 2.5 percent of the applicable monthly reference amount. The reference amount is calculated from the income of all insured persons of the German social insurance. This applies to an 8-hour day. If your home help only works part-time, you will receive a pro-rata reimbursement of up to a maximum of one-eighth of the maximum amount per hour. This covers all your expenses incurred, including travel costs.

Example:

After an accident at work, you take part in a 6-week medical measure. During this time, you are unable to care for your household on your own. The need for continued household maintenance of 3 hours a day for 2 times a week is determined. You will procure a household help yourself. As of 01.01.2022, the reimbursable amount of a self-procured household help is 10.25 euros per hour and a maximum of 82.00 euros per day. Your employers' liability insurance association or accident insurance fund will check other legal requirements according to the Social Security Code. If these are met, the following reimbursable
