Socialist persecution)

In the case of a tax reduction, you must pay half of the normal vehicle tax. You will receive a tax reduction of 50 percent if

- Your severely disabled person's pass has an orange area printed on it and contains at least one of the following characteristics: G = walking disability GI = deafness
- you have waived your right to free transportation on public transport. Your supplementary sheet to the severely disabled person's pass must therefore not contain a corresponding token.

If you are still a minor and have a severe disability, the vehicle must be registered for you.

If you are severely disabled and do not drive your vehicle yourself, the journeys must be for the purpose of transportation or household management.

If you use your motor vehicle temporarily or permanently for other purposes, you must notify the relevant main customs office immediately of this so-called non-purpose use.

The tax concession does not apply for the duration of the improper use, but for at least 1 month.

Use for a purpose other than that for which it was intended is deemed to have occurred, for example, if a tax-privileged motor vehicle is used

- for the transportation of goods, with the exception of hand luggage,
- for the transportation of persons for a fee, with the exception of occasional co-carriage, or
- is used by other persons for journeys that are not related to the transportation of the severely disabled person or their household.

Erforderliche Unterlagen
