Verfahrensablauf	KfW grants low-interest loans under this programme only through the intermediation of banks, savings banks and other financing institutions. Make an appointment with your financing partner (e.g. your bank or savings bank) before starting the modernisation measures, the burglary protection measures or the purchase of the modernised property. They will apply for the promotional loan from KfW on your behalf. (See procedure) The application must be submitted before the project begins. The start of a project is deemed to be the start of construction work on site. Planning and consulting services as well as the conclusion of supply and service contracts are not yet considered the start of the project. In the case of an application for funding for the initial purchase of suitably converted residential property, the conclusion of the purchase contract is deemed to be the start of the project. Your financing institution will require standard bank collateral for the loan. You must also provide proof to your financing institution that the funds are being used for the intended purpose.

Hinweise	Instead of a low-interest promotional loan, owner-occupiers in particular can apply directly to KfW for an investment grant for age-appropriate conversion. More information is available at www.kfw.de/455-B.
