How is funding provided and what conditions apply to the KfW Entrepreneur Loan Plus:

Type of support

- low-interest loan

Interest rate for the loan

- The interest rate is fixed for the entire term of the loan.
- The programme interest rates are based on the development of the capital market and the creditworthiness of the borrower. Particularly favourable interest rates apply in the SME window.
- The loan is committed with a customer-specific interest rate within the framework of the maximum interest rate of the respective price class applicable on the day of commitment.
- The interest rate is determined by the borrower's bank, taking into account the borrower's financial circumstances (creditworthiness) and the value of the collateral provided for the loan.

The loan is classified in the creditworthiness and collateral classes specified by KfW.
