Sachverhalt

To study at a state or state-recognized university or comparable educational institution in Germany, you need a "residence permit for students".

****Note:**** Citizens of EU member states can complete training in Germany on the basis of their right to freedom of movement. They must provide proof of adequate health insurance cover and a means of subsistence if they are not gainfully employed. This also applies to other nationals of the European Economic Area (EEA) and Swiss nationals.

The residence permit for the purpose of education is limited in time and is only valid for this purpose of residence. If the purpose of your stay changes, you must notify the competent authority immediately. You must apply to extend your residence permit in good time before it expires.

****Please note:**** If you are staying in Germany for training purposes, you cannot obtain a settlement permit.
