Sachverhalt

occupation in accordance with the Vocational Training Act (BBiG) must be entered in the vocational training directory. Amendments must also be requested.

Volltext

For trainers whose planned training occupation is regulated by the Vocational Training Act (BBiG), the application for entry of each completed training contract in the vocational training register is mandatory.

The deletion and amendment of the registration must also be formally notified or applied for.

Your advantage from this:

- The contract and training plan are drawn up in accordance with the current legal situation (Vocational Training Act, training regulations, if applicable, etc. Guidelines);
- Other agreed rights and obligations (e.g. collective bargaining law, property rights) are considered and deficiencies are indicated;
- The training plan is evaluated according to the minimum requirements of the training regulations, so that deficiencies can be revised before implementation;
- With the entry, a prerequisite for admission to the final examination is already fulfilled;
- The certificate of registration is required in the context of any educational support.
