Teaser	Restructuring and conversion of vineyards in accordance with the Hessian Wine Promotion and Development Program and Art. 46 of Regulation (EJU) 1308/2013.
Volltext	<p>Here you can apply for funding for the restructuring and conversion of vineyards.</p> <p>In detail, the following measures are supported:</p> <ol style="list-style-type: none"> 1. Adaptation to modern cultivation techniques as well as site and climatic conditions through and planting after land consolidation measures. 2. Conversion of steep slope areas to cross-terracing 3. Construction or restoration of vineyard walls 4. Installation of irrigation systems
Erforderliche Unterlagen	<p>Application for funding:</p> <ul style="list-style-type: none"> • Application form • Bank confirmation • Proof of professional skills for the proper management of the business • Cost estimate (only for vineyard walls and irrigation systems) • Sketch plan clearly showing the location (district, parcel, plot) and size of the requested planting within a

Modul

Sachverhalt

parcel (only for new vineyards)

Final notification:

- Form for final notification
- For new plantings and replantings: Sketch showing the location and size of the area actually planted on the parcel or parcels
- Vine accompanying document (delivery bill)
- In addition, for the construction or restoration of vineyard walls or installation of irrigation systems: original invoices and proof of payment (bank statements).

Application for payment:

- Online form as part of the joint application

Voraussetzungen

- Your vineyards are recorded in the vineyard register of the State of Hesse
 - You exercise the actual power of disposal over the vineyards
 - The vineyard area is larger than 500 m². The area can also be made up of adjacent vineyards that are also applied for restructuring by forming a management unit. The eligible area is defined by the outer circumference of the vines plus a buffer whose width corresponds to half the distance between the rows of vines.
 - You must submit the application by August 31 of the year preceding the implementation of the measure at the latest and complete it by June 30 of the year after next at the latest
 - If a new support system is set up, minimum row widths must be observed
 - A reduction in row spacing is only eligible for funding if the original row width is at least 2.30 m
 - For measure 1.1 Adaptation to modern farming techniques, the target row width must deviate by at least 10 cm from the original row width
 - Only wine grape varieties classified for Hesse may be
