Sachverhalt

You apply for recognition of your further training title as a specialist pharmacist to the relevant state chamber of pharmacists:

- First, you submit your application and the required documents to the Chamber of Pharmacists of the federal state in which you wish to work.
- You may be asked to submit any missing documents.
- The competent authority will check whether your professional qualification is equivalent. The professional qualification is equivalent if there are no significant differences between your foreign professional qualification and the German professional qualification.
- If your qualification as a specialist pharmacist is recognized, you can work in the profession in Germany. You will receive a notification.

If significant differences are found, the equivalence of your qualification as a specialist pharmacist will not be certified:

- You will receive a statement of reasons.
- You can take an examination to prove the missing knowledge.
- If you pass the examination, you will receive recognition. You may then use the title "Fachapothekerin" or "Fachapotheker" for your specialization.

You can take legal action against the decision of the competent authority within a certain period of time (for example, by lodging an appeal). The decision will then be reviewed. Details can be found in the information on legal remedies at the end of your decision. It is best to speak to the responsible office first before taking legal action against the decision.
