Voraussetzungen	<ul style="list-style-type: none"> The application you submit, as well as the required documents, must be able to adequately assess the impact of the planned plant. In addition, your application must show a legitimate interest in the early start. Furthermore, as an applicant, you must undertake to compensate for all damage caused by the premature construction up to the time of the decision and, if the project is not approved, to restore it to its previous state.
Kosten	Gebühr: 625€ - 450.000€
Verfahrensablauf	<ul style="list-style-type: none"> If you wish to obtain an authorisation to start the construction of a facility requiring a permit ahead of time, you must submit a written application in advance to the competent authority. Attach to the application the drawings, explanations and the justified choice of location required to check the requirements, as well as evidence of the need for an early start. The competent authority decides on the authorisation to start early. You will receive a notification of the granting or refusal of admission. In case of rejection, you can file an objection.
Bearbeitungsdauer	<p>3 - 7 Monat(e)</p> <p>The authorisation procedure is part of the approval procedure, so the corresponding processing deadlines (with an extension option of three months) also apply.</p>
Frist	The application must be submitted before the construction of the plant begins.
