Teaser	If you wish to make a non-substantial change to an installation, you must notify the competent authority if a permit for the changes has not already been applied for.
Volltext	If you wish to make a change to the location, nature or operation of an installation that requires a permit, you must notify the competent authority before starting the change. The competent authority will confirm your notification and decide whether your project requires a permit and/or which documents you may need to submit. This also applies to accident-relevant changes or if you intend to cease operations.
Erforderliche Unterlagen	The notification procedure requires a written or electronic notification. The forms and instructions are available online for download. https://www.hlnug.de/downloads https://www.hlnug.de/downloads
Voraussetzungen	• You must enclose the necessary documents with the notification, insofar as these may be required to check whether the project requires approval. • If, in the opinion of the competent authority, approval is required, an approval procedure must be carried out. • Approval is not required if the adverse effects caused by the change are obviously minor.

Modul	Sachverhalt
Kosten	Gebühr: 1.000€ - 900.000€
Verfahrensablauf	• You enclose the necessary documents with the notification, insofar as these may be required for the examination of whether the project requires approval. • The competent authority will immediately confirm receipt of the notification and the enclosed documents in writing or electronically; in the case of an electronic notification, it may also request additional copies and the submission of the documents to be enclosed with the notification in written form. • Upon receipt of the notification, the competent authority will inform you immediately which additional documents it requires to assess the requirements. • If necessary, the competent authority will decide that your project requires a permit. The authority will inform you of its decision within one month of the documents being complete. • You may implement the change as soon as the competent authority informs you that the change does not require a permit or one month after the notification documents are complete if the competent authority has not made a statement. • In the case of an incident-relevant change, you may only make the change if the competent authority informs you that no approval is required.
Bearbeitungsdauer	1 - 2 Monat(e) In the event of an incident-relevant change, processing takes 2 months.
Frist	Any change to the location, type or operation of an installation requiring a permit must be notified at least one month before the change is to begin.
