Hinweise

Rechtsbehelf

Appeal:

- You can appeal against the decision within one month of notification.
- You must submit the appeal to the competent authority in writing or for the record.

Kurztext

- Construction and operation of a system requiring monitoring in accordance with the Ordinance on Industrial Safety and Health Permit for systems with pressure equipment
- Permits are required for the construction, operation or modification of the design and operation of filling systems for compressed gases(systems with pressure equipment) with a filling capacity of more than 10 kilograms per hour in transportable pressure equipment for delivery to Other filling systems are so-called "systems requiring monitoring" that must be assembled, installed and operated in accordance with the state of the art.
- The permit can be granted subject to conditions, limited, limited in time and be subject to conditions.
- Application: informally in writing or electronically
- An application for a partial permit is possible.
- Responsible: Occupational health and safety departments of the regional councils

Ansprechpunkt

Zuständige Stelle

The occupational health and safety departments of the Darmstadt, Giessen and Kassel regional councils are responsible.
