Kosten

The fee notices are based on the scale of fees for road traffic measures (GebOSt). A framework fee of €10.20 to €511.00 is set there for each decision on an exemption from a provision of the StVZO per exemption and per vehicle/owner; if there are several vehicles of the same design when the application is submitted, a reduced fee may be set. The exact amount of the fee depends on the processing effort and economic advantage for the applicant in each individual case; the determination is at the discretion of the authority.

The amount of the fee also depends, among other things, on the period of validity. When submitting your application, you must therefore state the desired period of validity.

Verfahrensablauf

You can apply for a special permit in writing or online.

Before you can apply for an exemption for a vehicle, you need an expert opinion from an officially recognized expert for motor vehicle traffic or a technical service recognized in accordance with § 30 of the EC Vehicle Approval Regulation (EG-FGV) for the inspection of complete vehicles of the respective vehicle class.

The expert opinion must state the necessary exemptions from the StVZO, the suitability of the vehicle or vehicle combination and the requirements and conditions deemed necessary in the interests of road safety. The expert must describe the exemptions in detail and justify their necessity.

You can then apply for the exemption.

The competent authority will examine your application and, if the examination is positive, will grant you the exemption.
