Kosten

Gebühr: 10,20€ - 511€

The amount of the fee is based on the scale of fees for road traffic measures (GebOSt). A framework fee is set there for each decision on an exemption from a provision of the StVZO for each exemption and per vehicle/owner. If there are several vehicles of the same design when the application is submitted, a reduced fee can be set. The exact amount of the fee depends on the processing effort and economic advantage for the applicant in each individual case; the fee is set at the discretion of the authority. The amount of the fee also depends, among other things, on the period of validity. When submitting your application, you must therefore state the desired period of validity.
