Verfahrensablauf

You must commission a company to carry out the chimney sweep tasks.

You can freely choose your authorised district chimney sweep or another chimney sweep company. The work may be carried out by all companies that are registered with the chimney sweep trade in the register of craftsmen. As a rule, these are all German chimney sweep companies, but also isolated companies of the sanitary, heating and air-conditioning trade. Chimney sweep companies from abroad can usually also be commissioned by you.

For your safety, you should check before commissioning whether the craftsman concerned is actually allowed to carry out the work, for example by checking by means of an Internet query whether the supplier is listed in the chimney sweep register maintained by the Federal Office of Economics and Export Control.

The Landesinnungsverband des Schornsteinfegerhandwerks Hessen and the Zentralverband Deutscher Schornsteinfeger e. V. offer you the opportunity to search for regional providers of chimney sweep work on its website.
