stay.

In case of an extension, your residence permit will be limited again; usually for the remaining duration of the examination procedure. The validity of the residence permit covers the period from taking the examination until the announcement of the examination result or until the issuance of a decision by the competent authority concluding the procedure.

The residence permit cannot be extended if it is foreseeable that the examination cannot be taken within a reasonable period of time or if the extension was already ruled out by the foreigners authority when it was issued or the last time it was extended.

Erforderliche Unterlagen

In principle, the extension of your residence permit requires the submission of the same documents as for the initial issuance:

- Recognized and valid identity document (for example, passport or passport replacement).
- Current biometric photo in passport format (45 x 35 mm)
- Proof of livelihood (for example, from own assets, payment of a security deposit into a blocked account, bank guarantee, letter of commitment, scholarship, proof of receipt of benefits such as parental or child benefits, proof of parental income or similar)
- Proof of health insurance coverage (for example, confirmation of health insurance coverage or insurance policy).
- In case of minors: Consent of all persons entitled to custody to the planned stay (declaration of consent); if the parents entitled to custody cannot submit the application jointly for their child, a written power of attorney of the absent parent is required; if only one parent is entitled to custody, the signature of this parent is sufficient.

The documents and information must always be submitted in German. In individual cases, the Aliens' Registration Office may require less or further proof.

Modul

Sachverhalt

If necessary, you will have to provide the Aliens' Registration Office with further proof of your language skills if the acquisition of language skills is not the subject of your examination.

Voraussetzungen

In principle, the same requirements must be met for the extension of the residence permit as for the initial issuance of the residence permit. This means:

- You wish to continue to reside in Germany in order to complete an examination procedure that serves to fully recognize your foreign professional qualification.
- You are able to secure your livelihood and health insurance coverage for the further duration of your stay from your own resources without recourse to public benefits.
- You have language skills that correspond to the examination to be taken, but at least at level A2 of the Common European Framework of Reference. An exception applies if the acquisition of language skills is the subject of the examination to be taken.
- There is no interest in deportation against you.
- Your stay does not endanger or impair the interests of the Federal Republic of Germany.

Kosten

- 96,00 Euro for a further stay of up to three months for applicants of full age
- 93,00 Euro for a further stay of more than three months for applicants of full age.

Remark:

Additional fees may be charged for the issuance of a new residence permit in the form of an electronic residence permit (eAT card), which can also be used as electronic proof of identity.

The timing as well as the form of fee collection and payment vary depending on the authority.

In certain cases, fee reductions or exemptions may be considered (for example, for persons entitled to
