| Teaser | Do you want to install unusual building products in a construction project for which there are no generally recognized technical rules or which deviate significantly from technical building regulations? Then you need approval in individual cases. |
| Volltext | <p>Construction projects are generally planned, dimensioned and executed with usable construction products that either bear a Ü marking, are usable due to a European CE marking with a declaration of performance, or do not require separate proof of usability in accordance with building regulations.</p> <p>If such a standard case does not exist, the usability of exceptional building products for a specific construction project can be demonstrated by submitting an application for approval in individual cases.</p> <p>This enables construction projects with innovative or special construction products for which there are no generally recognized rules of technology or which deviate significantly from technical building regulations.</p> |
| Erforderliche Unterlagen | <p>Application in text form with</p> <ul style="list-style-type: none"> • Details of the applicant |

| Modul | Sachverhalt |
|-------------------|--|
| | <ul style="list-style-type: none"> • Description of the construction project • Details of the parties involved in the project • Description of the construction product as the subject of the application • Design drawings for the technical solution • If applicable, concept for verifying the usability of the construction product • If applicable, reports on tests on test specimens of the construction product • Project-related expert opinion • Static calculations, if applicable |
| Voraussetzungen | <p>Approval can only be applied for in individual cases for construction products for which there are no generally recognized rules of technology or which deviate significantly from technical building regulations.</p> <p>Approval can only be applied for in individual cases for one construction project.</p> <p>The application can be submitted by any natural or legal person (e.g. company).</p> |
| Kosten | <p>Fee range: EUR 200 to EUR 10,000 The fee notice is issued taking into account the administrative effort involved in processing the application and the economic benefit.</p> |
| Verfahrensablauf | <p>The procedure begins with the application:</p> <ul style="list-style-type: none"> • Review of the application documents • Examination of the need for approval • Subsequent request for application documents if necessary • Discussions with project participants if necessary • Approval in individual cases can only be granted once the usability has been proven by complete application documents • You will receive the notification of approval in individual cases and the notification of fees by post or in digital form • The Ü-marking of the construction product in accordance with the provisions of the individual approval confirms usability. |
| Bearbeitungsdauer | <p>The duration of the procedure is not limited - tests on</p> |
