Teaser	If you would like to take a section of the medical examination, you must submit a written application to the office responsible for you. You can find out more here.
Volltext	<p>Medical training comprises</p> <ul style="list-style-type: none"> • six years of medical studies at a university or equivalent institution of higher education. The final year of the course comprises 48 weeks of continuous practical training (practical year), which can also be completed part-time, • training in first aid, • a nursing service of three months, • a clinical traineeship of four months and • the medical examination, which is completed in three stages. <p>In order to complete your medical training, you must successfully pass the medical examination before the authority responsible for you. This is a prerequisite for licensure as a doctor.</p> <p>You must apply for admission to the relevant section of the medical examination at the office responsible for you.</p>

Modul

Sachverhalt

The first section of the medical examination is taken after studying medicine for two years. The second section of the medical examination is taken after studying medicine for three years after passing the first section of the medical examination. The third section of the medical examination is taken after studying medicine for one year after passing the second section of the medical examination.

Erforderliche Unterlagen

First section of the medical examination:

- Birth certificate, marriage certificate if applicable
- Proof of higher education entrance qualification, in the case of certificates obtained abroad, also the notice of recognition from the competent authority under state law
- transcript of records or the documents used by the respective university as proof of periods of study. You can submit this proof at a later date within a period specified by the office responsible for you if you are not yet able to attach it to the application.
- The certificate or a summary certificate of successful participation in the courses prescribed by the licensing regulations for doctors. You can submit this proof at a later date within a period specified by the office responsible for you if you are not yet able to attach it to the application.
- Proof of participation in first aid training
- Proof of completion of the nursing service

Second section of the medical examination:

- Birth certificate, marriage certificate if applicable,
- Student record book or the documents used by the respective university as proof of study periods. You can submit this proof at a later date within a period specified by the office responsible for you if you are not yet able to attach it to the application.
- Certificates or a summary certificate of successful participation in the courses prescribed by the licensing regulations for doctors, including the performance records in accordance with Section 27 (1) to (4) of the
