Here you will find information on the recognition of the equivalence of a school-leaving qualification obtained in another federal state.

Volltext

For registration at a vocational college, in the upper secondary school, for the start of training or studies at a university of applied sciences, a certificate of equivalence of the school leaving certificate from another federal state is sometimes required under NRW law.

This applies to the "Erstes Schulabschluss" (formerly Hauptschulabschluss after grade 9), the "Erweiterter Ersten Schulabschluss" (formerly Hauptschulabschluss after grade 10), the "Mittleren Schulabschluss" and the "Fachhochschulreife".

The lower secondary school-leaving qualifications from other federal states are generally recognized as equivalent in NRW.

The responsibility for determining equivalence depends on the type of qualification and the federal state in which the qualification was obtained.

Please note that only the existing school-leaving qualification is recognized, i.e. no examination of the content with regard to subsequent additional
