Volltext	<p>If you run a forest seed or forest plant business and wish to place forest reproductive material on the market, you must register it with the State Agency for Forest Reproductive Material.</p> <p>Ensuring the identity of forest reproductive material is of fundamental importance for the forestry industry. For this reason, strict requirements are imposed on companies when producing and marketing forest reproductive material in accordance with the Forest Reproductive Material Act (FoVG). The state authorities are responsible for monitoring compliance with these regulations. Accordingly, you must register your company operating in this area.</p> <p>If the requirements are met, your business will be approved. It will then receive a farm number. This is reported to the Federal Office for Agriculture and Food (BLE) and kept in a nationwide register. You must state the farm number on all delivery documents accompanying the propagation material.</p>
