Sachverhalt

exemption permit, whereby the original exemption permit may only be used for one vehicle. If several vehicles are used at the same time, an additional parking permit must be applied for each additional vehicle.

Exemption permits/parking permits can be applied for a municipality, one or more administrative districts or for the whole of NRW.

Tradespeople who have their businesses in resident parking areas, but are not residents and do not have their own parking space, are often dependent on a parking space near the business in order to carry out their profession. For this reason, the person running the business can - following a case-by-case assessment - obtain a localized individual exemption permit for parking in the residents' parking area at their place of business, provided that business trips are made regularly. The sole journeys to and from the place of residence do not meet the criteria. No exemptions can be granted for employees' vehicles.

Erforderliche Unterlagen

- Vehicle registration certificate or registration certificate part I
- Photos of the vehicles showing the license plate number and company lettering (on both long sides of the vehicle)
- Proof for the company: trade card / business card / business registration / registration as a care service

Voraussetzungen

Carrying out repair or assembly work and special service or workshop vehicles required for this purpose or transportation of heavy/extensive material. There are no requirements for care services.

Kurztext

- Craft businesses, outpatient social services and tradespeople can apply for an exceptional parking permit to make it easier to find a parking space if certain conditions are met.
- In addition to local parking permits, you can also apply for a multi-territory permit (for individual administrative districts or for the whole of North Rhine-Westphalia).
- Exemption permits are generally valid for one year.
- The road traffic authorities of the districts and independent cities are responsible.
