Teaser	You need a building permit before you can erect an installation that requires approval.
Volltext	You need a building permit before you can erect an installation that requires approval. To do this, you submit a building application to the responsible lower building supervisory authority. As a rule, you must commission an authorized draftsman - for example a civil engineer or architect - for this. In your application, you can also specify whether you wish to make use of a reduced inspection program.
Erforderliche Unterlagen	• Building application (via online service or publicly published form), • Extract from the official real estate register, • Site plan, • construction drawings, • building description. If they are to be submitted, also: • Proof of stability, • fire protection certificate, • Information on the secured development. Please contact your local building authority to find out which documents you need to submit for your specific building project.
Voraussetzungen	• The building project complies with public law regulations • If not, you can apply for and justify deviations with the building application
Kosten	at least 50 € Fees for a building permit for every € 500 or part thereof of the chargeable construction value = € 5 The fees depend on the following factors • Expenditure for the examination of the building permit

Modul	Sachverhalt
	• Expected costs of construction
Verfahrensablauf	You can apply for a building permit for the construction of an installation electronically via the online service or in writing on paper using the form. Proceed as follows when using the form: • Complete the form. • Attach the required building documents. • Submit the application documents to the responsible lower building supervisory authority. • If necessary, the lower building supervisory authority will ask you to make an advance fee payment. • Make the advance payment. • If documents are missing or there are other ambiguities, you will be asked to rectify these. • In this case, submit the missing or amended documents and/or the clarification. • The lower building supervisory authority will review your application and involve the relevant authorities whose participation or consultation is required. • You will then receive the building permit and a notification of fees. • Pay the fees.
Bearbeitungsdauer	The building supervisory authority will decide on your building application within 3 months. The deadline begins with the confirmed date of receipt. In principle, your application is automatically approved if you have not received a decision from the building supervisory authority after 3 months.
Frist	• You must start construction work within 3 years of receiving planning permission. • You may then interrupt the construction work for a maximum of 1 year. • You can have the building permit extended for 1 year.
