<b>Teaser</b>	
Volltext	<p>Anyone wishing to operate a testing laboratory for pipeline installations must meet the requirements of Section 6 (2) of the Pipeline Ordinance and apply to the competent authority for recognition of the inspection body.</p> <p>The testing body can choose from a</p> <ul style="list-style-type: none"> <li>• expert organization, or</li> <li>• monitoring body approved under other legislation.</li> </ul> <p>The recognition is valid for the entire federal territory. Equivalent recognitions from other EU/EEA countries are equivalent to recognitions in Germany.</p>
Erforderliche Unterlagen	<ul style="list-style-type: none"> <li>• Proof of a quality management system (QM documents related to Annex L of the TRFL)             <ul style="list-style-type: none"> <li>• Existing accreditations and recognitions</li> <li>• Evidence of the independence of the verifier</li> </ul> </li> <li>• Proof of the availability of the information required for the independent performance of the tasks             <ul style="list-style-type: none"> <li>• required organizational structures</li> <li>• required employees (list of employees with assigned test areas according to §5 RohrFLtgV and Annex B to the TRFL)</li> </ul> </li> <li>• Means and equipment necessary for the inspection of pipeline installations</li> <li>• Proof of expertise, experience and reliability of the assigned personnel:             <ul style="list-style-type: none"> <li>• Curriculums</li> <li>• Proof of professional qualifications</li> </ul> </li> </ul>

## Modul

## Sachverhalt

- Proof of activity
- for proof of personal independence and reliability:
  - if you are resident in Germany: certificate of good conduct (document type O)
  - in the case of residence abroad: documents from the applicant's home country proving that he or she meets the requirement of personal reliability for the performance of the desired service
- Declaration of Independence and Reliability (appropriate forms can be requested from the Recognition Authority)
- Proof of the existence of quality assurance
- Proof of the conclusion of a liability insurance with a sum insured of at least 2,500,000.00 euros
- Declaration of exemption (a corresponding form can be requested from the recognition authority)

## Voraussetzungen

The organizational and technical requirements according to § 6 paragraph 2 of the Pipeline Ordinance and Annex L of the Technical Rule for Pipelines must be fulfilled and proven.

In particular, the verifier shall:

- be independent (this applies in particular to the staff responsible for managing and conducting the audits)
- on the information necessary for the adequate and independent performance of the task,
  - Structures
  - at least 5 employees (experts) and
  - have the necessary means and equipment for the inspection of pipelines
- demonstrate sufficient expertise, experience and reliability of the commissioned personnel and the possibility of further professional training
- collect and evaluate the knowledge gained during the audits and regularly pass them on internally and to other testing bodies
- have adequate and effective quality assurance with regular auditing

## Kosten

## Verfahrensablauf

## Bearbeitungsdauer

Modul	Sachverhalt
Frist	Recognition must have taken place before the start of the testing activities. Testing bodies from other EU/EEA countries must prove the equivalence of recognition before commencing testing activities.
