extension of the residence permit cannot be granted.

You must urgently take care to submit an application for an extension or issue of another residence permit before the expiry of the period of validity of your residence permit. If the application is submitted in good time, i.e. before the expiry of the time limit, further residence is deemed to be permitted until the decision of the Foreigners' Registration Office with all subsequent effects (e.B. entitlement to receive social assistance). A late application (after the end of the period specified in the residence permit) can result in considerable legal disadvantages. Your further stay would then be illegal. You are then obliged to leave the country.

- current biometric photo
- Previous residence permit

Voraussetzungen

- The residence permit shall be renewed if the conditions which must be met when it was first issued continue to be met.
 - Existence of an application for renewal
