Teaser	Does your company want to install, maintain, service, repair or decommission equipment using fluorinated, natural or alternative refrigerants? Then you need a company certificate.
Volltext	You require a company certificate in accordance with the Chemicals Climate Protection Ordinance if your company installs, maintains, services, repairs or decommissions the following equipment:

Modul

Sachverhalt

- stationary refrigeration systems,
- stationary air conditioning systems and heat pumps,
- stationary organic Rankine circuits,
- Refrigeration systems in refrigerated trucks and trailers,
- Refrigeration systems in light refrigerated vehicles, intermodal containers and railroad wagons
- Fire protection equipment.

You may only carry out work on these systems if your company is certified. A certificate for the certification of the company will be issued upon application.

As a company, you must prove that you

- have sufficient competent personnel and
- have the necessary technical equipment.

Erforderliche Unterlagen

- Application form
- Proof of expertise or certificate in copy for all specified competent persons
- Business registration
- Entry in the trade register
- Delivery bills for the following tools: soldering equipment, extraction station, leak tester, installation aid

Voraussetzungen

Your company will be certified if you can prove that you have the following for the installation, maintenance, servicing, repair and decommissioning of equipment

- employ sufficient competent personnel and
- the competent personnel have access to the tools and procedures required for the activities subject to certification.

Please provide evidence of your personnel's expertise by means of the relevant certificates of competence (or certificates).

Modul	Sachverhalt
	This also applies to activities in connection with fire protection systems and fire extinguishers. The number of qualified personnel required depends on the expected annual volume of activities. If your company is registered as a so-called EMAS company in the Community Eco-Management and Audit Scheme, simplified conditions apply. https://www.emas-register.de/der-weg-zur-emas-registrierung
Kosten	Gebühr: 200€ - 550€ The calculation of the fee depends on the time required for processing and the following factors: • Location of the company • Competent personnel • Administrative effort
Verfahrensablauf	You will receive the company certification if you submit the application form with the required attachments to the State Administration Office (by e-mail or post). The documents will be checked. If the documents are complete and there are no queries, you will receive the certificate by post.
Bearbeitungsdauer	Your application will be processed as soon as we receive it.
Frist	The application for certification must be submitted before commencing work.
