the comparison are the content and duration of the training.

You will receive a notification of the result of the procedure. The notification mentions existing professional qualifications and any lack of professional qualifications.

The decision enables employers to better assess your professional qualifications. This can make it easier for you to find a job. For skilled workers abroad outside the European Union (EU), the European Economic Area (EEA) and Switzerland, a recognition procedure is usually a prerequisite for the issuance of a visa.

Initial advice on the application, procedure, costs, duration and possibilities for financial support can be obtained, for example, from the counselling centres of the IQ network ("Integration through Qualification").

You submit the application to the competent authority in the federal state in which you would like to work.

You can also apply for equivalence from abroad.

Erforderliche Unterlagen

- Application form of the competent body
 - If there is no application form: an informal and signed application
 - Proof of identity (passport or identity card)
 - Marriage certificate (if your name has changed due to marriage)
 - CV with details of school and profession
 - Proof of your professional qualifications (e.g. certificates, professional certificates)

Sachverhalt

The competent authority will inform you which documents you must show in the original or hand in as copies. Some copies must be officially certified. We recommend that you do not send originals by post.

You must present your documents in German. The translations must be made by publicly appointed or authorised translators.

If necessary, the competent authority may request additional documents in the course of the recognition procedure. These are, for example, documents on the content and duration of your training (e.g. framework curriculum) or documents on other professional qualifications.

Voraussetzungen

- You have a state-recognised professional qualification from abroad.
- Your professional qualification must match a vocational school diploma or technical college diploma in your federal state.
- You want to work in your chosen federal state.

Kosten

You may have to pay money for the procedure. The competent authority will inform you of the exact costs.

In addition, additional costs may arise, e.g. for translations or certifications. These costs vary from person to person.

Verfahrensablauf

You submit an application for recognition to the competent authority.

You can send the application by post, send it electronically or submit it in person. You can also apply from abroad.

The competent authority receives the application. It will confirm to you after a maximum of one month that the application has been received. Once the competent body has received all the documents from you, it will process your application.

Sachverhalt

The competent authority then checks: Is your professional qualification equivalent to a specific professional qualification in the selected federal state? In doing so, the competent body compares the qualifications with the help of certain criteria. Important criteria are the content and duration of the training. The competent body shall also take into account your professional experience, other qualifications and qualifications in the equivalence assessment.

You will receive a notification with the result of the procedure. You will receive recognition if your professional qualification and the German professional qualification are equivalent.

Sometimes there are significant differences between professional qualifications. The differences are listed in your notification. With this notification, you can further qualify yourself and later submit a new application for equivalence determination.

If your professional qualification is not equivalent, you will not receive recognition.

Bearbeitungsdauer

The competent authority will confirm that your documents have arrived after a maximum of ****one month****. The competent authority will inform you if documents are missing. If the documents are complete, the procedure takes ****3 months****. Sometimes the competent body may prolong the procedure.

Frist

None. Sometimes documents are still missing in the procedure. The competent authority will then inform you by when you must submit the documents.
