As a professional with academic training who has already obtained a residence permit to look for a job, you can apply for the extension of the residence permit up to a maximum total duration of six months.

Volltext

They have already obtained a residence permit to look for a job for qualified specialists with academic training. If you have not yet found a job that matches your academic qualifications, but would like to continue looking for a job, you can apply for an extension of your residence permit.

Make sure that the residence permit is issued for a maximum of six months. An extension of your residence permit is only possible if this 6-month period has not yet been exhausted. The extension must be applied for in good time before the end of the validity of your previous residence permit.

If you have already been in possession of a six-month residence permit, the residence permit can only be issued again if you have stayed abroad for at least as long as you previously stayed in Germany to look for a job.

The residence permit is again issued for a limited period of time, but for a maximum period of validity of six months.
