Teaser	Have you obtained a degree as a landscape architect abroad and gained professional experience? If you would like to practice your profession in Germany, you can apply for registration in the list of architects in your federal state.
Volltext	The profession of landscape architect is regulated in Germany. The professional title is specially protected. This means: You need to be registered in the list of architects if you want to use the professional title "landscape architect" in Germany. You can also apply for jobs on the job market without being registered in the corresponding list of architects and perform the activities of a landscape architect. However, they are then not allowed to use the legally protected professional title of "landscape architect". Even with a degree obtained abroad, you can apply for registration in the list of architects in Germany. This will be arranged by the competent state chamber of architects after examination of your documents. The responsible state chamber of architects compares your professional qualification from abroad with the

Modul

Sachverhalt

professional qualification in the selected federal state.
The procedure is called: equivalence determination.

Erforderliche Unterlagen

- Resume
 - Proof of identity (identity card or passport)
 - Proof of your professional qualification (e.g. certificates, professional diploma)
 - Proof of the content and duration of your education (e.g. Diploma Supplement, Transcript of Records)
 - Proof of further education and certificates of professional practice
 - Additional evidence of professional experience and other proof of qualifications
 - Declaration as to whether an application for equivalence has already been submitted
 - Certificate of establishment or registration certificate of residence in the respective federal state
 - If applicable: proof of your personal suitability (for example, certificate of good conduct, criminal record extract, certificate of good standing)
 - Perhaps: Certificate evaluation of the Central Office for Foreign Education (ZAB)

If your documents are not in German, you must submit German translations of your documents. The translations must be done by translators who are publicly appointed or authorized.

Voraussetzungen

- Equivalence of your professional qualification
 - You must have at least 2 years of professional experience as a landscape architect.

In order to use the professional title "landscape architect", you must meet other requirements in addition to the equivalence of your professional qualification. You may have to prove these requirements at a later date:

- Your place of business or main residence must be in the respective federal state or your predominant work must take place there. Or: You want to live or work in

Modul

Sachverhalt

the federal state soon.

- Personal suitability: you are reliable for work as a landscape architect and have no criminal record.

Kosten

Verfahrensablauf

The application for registration in the list of architects is submitted to the respective Chamber of Architects:

- \- First, submit your application and the required documents to the Chamber of Architects of the federal state in which you wish to work.
- \- If necessary, you will be asked to provide any missing documents.
- \- The responsible office will conduct an equivalency check. In this process, the competent body checks whether your foreign professional qualification is equivalent to the German professional qualification as a landscape architect.
- \- If your professional qualification is recognized and you meet the other requirements, you will be registered with the Chamber of Architects. Then you can use the professional title "landscape architect" in Germany. You will receive a certificate for this.

If significant differences are found, the equivalence of your professional qualification as a landscape architect will not be certified. Then the following happens:

- \- You will receive a statement of reasons.
 - \- You can take a compensatory measure to prove the missing knowledge. You can often choose between an adjustment course or an aptitude test.
 - \- If you successfully complete the compensatory measure and meet the other requirements, you are entered on the list of architects. You may then use the professional title "landscape architect".
- You can take legal action (for example, file an objection) against the decision of the competent body within a certain period of time. The decision will then be reviewed. Details on this can be found in the appeal instructions at the end of your decision. We

Modul	Sachverhalt
	recommend that you first talk to the responsible office before taking legal action against the decision.
Bearbeitungsdauer	3 Monat(e) Note for further information on processing time: You will receive the confirmation of receipt within one month after submitting your application. A decision on your application will be made no later than 3 months after receipt of your complete documents. The deadline can be extended by one month.
Frist	There is no deadline.
