Handlungsgrundlage	§ Section 74 (3) BBergG
Teaser	As an entrepreneur in the mining industry, you must report certain operational incidents to the competent authority.
Volltext	If you are an entrepreneur working in the mining industry, you are responsible for potential hazards. You must also report operational incidents without personal injury to the competent authority. This refers to incidents • that could result in the death or serious injury of one or more persons and • incidents, knowledge of which prevents or eliminates possible dangers to the life and health of employees, third parties or the company.
Erforderliche Unterlagen	
Voraussetzungen	Your company is active in the mining industry and an incident occurs that could pose a potential risk to health, life or operations.
Kosten	
Verfahrensablauf	You can report special operational incidents online via the "BergPass" platform or directly to your local mountain authority. Report special operational incidents online via the "BergPass" platform:

Modul

Sachverhalt

- Call up the "BergPass" online platform and log in. To register, you will need a bundID and an identity card or residence permit with an active online ID function.
- Call up the form and fill it out completely and truthfully.
- Upload the required documents as a file and submit the form.

Report special operational events directly to the responsible mining authority:

- Contact your responsible mining authority and coordinate the required documents.
- Submit the notification and all documents to your competent mining authority.

Further procedural steps:

The competent authority will check your notification and the documents submitted. If documents are missing or further instructions are required, the mining authority will contact you.

Bearbeitungsdauer

Frist

You must submit the notification immediately.
