Teaser

Women insured under the statutory health insurance scheme are entitled to midwife assistance during pregnancy and during and after childbirth, in addition to their entitlement to medical care. Midwifery assistance includes services during pregnancy and childbirth provided by a state-certified and recognised midwife or midwife. The provision of services is governed by the midwife assistance contract.

Volltext

Women insured under the statutory health insurance scheme are entitled to midwife assistance during pregnancy and during and after childbirth, in addition to their entitlement to medical care. Midwifery assistance includes services during pregnancy and childbirth provided by a state-certified and recognised midwife or midwife. The provision of services is governed by the midwife assistance contract.

Midwifery assistance includes

- Maternity care and antenatal care services,
- Obstetric care,
- Services during the postnatal period up to 12 weeks after the birth and
- other services, such as counselling the mother in the event of breastfeeding difficulties or postnatal gymnastics with group instruction.

Midwife assistance can be claimed during pregnancy
