Sachverhalt

Fachlich freigegeben durch

Handlungsgrundlage

- § 8 Abs. 1 [Verordnung über den Hochwassernachrichten- und Alarmdienst im Freistaat Sachsen (HWNVO)](<https://www.revosax.sachsen.de/vorschrift/16655-HWNAVO>)

Teaser

If you live near a watercourse and your house, your business or your belongings could be at risk from flooding, the following reliable sources of information on water levels and flood risk are available to you:

Volltext

If you live near a watercourse and your house, your business or your belongings could be at risk from flooding, the following reliable sources of information on water levels and flood risk are available to you:

INTERNET

The Saxony Flood Centre provides up-to-date information on its website about

- water levels
- flow rates
- precipitation
- Flood warnings
- Flood forecasts (graphical)

INFORMATION VIA TELEPHONE

- Voice announcement for flood warnings
- Measured value announcement of the water levels
- Measured value announcement of the Elbe water levels

RSS-FEEDS

RSS is a standardised news format that can be accessed via the Internet. It can be read with feed readers. Flood warnings in this format are available for PCs, tablets and smartphones.
