Modul

Sachverhalt

Details and supporting documents:

- Address of the registered office
- Address, telephone number and e-mail address of the requested additional branch office
- Distance between the registered office and the additional branch office
- Number of employees employed at the registered office and how many of them will be used for auditing
- Number of staff employed at the additional branch and how many of them are to be deployed for testing if authorisation is granted
- approximate time allocation of the audit activity between the registered office and the other branch office
- Proof that the additional branch office is responsible for its own activities (in the case of a merger with other inspection engineers, inspection experts, engineers or architects, proof must be provided by means of a corresponding contract for the merger, in particular the articles of association; submission of an extract from the commercial register or an equivalent document from another EU or EEA state or Switzerland)
- Information to ensure the proper fulfilment of tasks, in particular ensuring the supervision of proper construction work as a test engineer at the registered office and in the other branch office

Voraussetzungen

- Test engineers for fire protection who are recognised in the Free State of Saxony can apply to set up an additional branch.
- Authorisation will be granted if there are no objections to the proper performance of duties as a test engineer.

Kosten

Fees: according to time spent (EUR 67.00 per working hour or part thereof)

Verfahrensablauf

Submit an informal application for authorisation of an additional branch with the required documents to the competent authority.

You will receive a written confirmation of receipt; the recognition authority will request any missing
