Informationen	
Hinweise	Where applicable, the following are exempt from tax • Guide dogs, • Service dogs, • Herding dogs, and • Dogs belonging to forestry workers and certified gamekeepers Please enquire about the exact details in your municipality. Irrespective of the possibility of exemption, according to prevailing opinion, the municipality may not levy dog tax on commercially used dogs (e.g. in the context of commercial dog breeding). There is therefore no need for an explicit exemption in the dog tax statutes. Breeding dogs that are not kept in the context of commercial dog breeding are not generally exempt from tax, although tax reductions are sometimes provided for (so-called kennel tax). Further details can be found in the respective dog tax statutes.
