Volltext	<p>Application for a grant from the funding programme "Energy-efficient urban rehabilitation, grants for integrated neighbourhood concepts and rehabilitation managers", KfW Programme No. 432</p> <p>If you want to make the buildings and heat supply in urban districts of your city or municipality more energy-efficient, your municipality can apply for grants from Programme 432 of the KfW Bankengruppe for your project.</p> <p>A neighbourhood is defined as several buildings within a district that are connected in terms of area and include municipal facilities, commerce, trade, services, industry, private households and public infrastructure.</p> <p>In addition to the municipality itself, funding is also possible for other redevelopment agencies; for example, for municipal utilities, housing associations, flat owners or owners' associations.</p> <p>Funding is available for measures to increase energy efficiency, e.g. for</p> <ul style="list-style-type: none"> <li>• the preparation of an integrated refurbishment concept and</li> <li>• the employment of a refurbishment manager who accompanies and coordinates the implementation of such concepts.</li> </ul> <p>Conditions</p>

## Modul

## Sachverhalt

Type of funding Grant (partial funding)

Funding share 65 % of the eligible costs

Maximum contribution

- for the integrated concept: none
- for the rehabilitation manager: EUR 150,000 per neighbourhood (EUR 250,000 if extended)

Notes

- You can combine the grant with other public funding.
- There is no legal entitlement to this funding.

Responsible office

KfW Berlin Branch

## Erforderliche Unterlagen

- completed application form
- integrated neighbourhood concept with the following components:
  - the initial analysis
  - concrete measures and their design
  - the costs, feasibility and economic viability of the measures
  - the performance review
  - the timetable, priorities and mobilisation of stakeholders
  - Information and advice as well as public relations work

All other documents required can be found on KfW's website.

## Voraussetzungen

Eligible applicants

- Municipalities (cities, municipalities and rural districts)
- their legally dependent owner-operated enterprises

If the municipality does not use the subsidies itself, it must establish that it is an eligible urban district. This includes in particular

## Modul

## Sachverhalt

- urban redevelopment areas
- other urban development promotion areas, such as Urban redevelopment areas Areas of urban monument protection Socially Integrative City areas active city and district centres smaller towns and municipalities
- Building units with existing or planned joint heat supply or other planned measures for joint energy saving

### Notes

- A single building is not considered a neighbourhood for the purposes of the funding programme.
- The municipality must confirm the eligibility of the neighbourhood, for example by means of a formal resolution. If necessary, you can submit the confirmation before the final funding decision.

## Kosten

Application: none

## Verfahrensablauf

Application

Submit your application together with the required documents directly to KfW. Please use the KfW forms for this purpose.

- Complete the application in full and enclose the required supporting documents.
- Submit the complete application documents to KfW
- Once your application documents have been reviewed, KfW will send you a written decision.

### Payment

After completion of the conversion, submit proof of use to KfW. The grant will then be transferred to your account.

## Bearbeitungsdauer

### Frist

Funding period • for the integrated concept: completion and acceptance within one year of the contract being awarded • for the rehabilitation manager: up to three years for the duration of employment, starting from the date of application to
