Modul	Sachverhalt
Verfahrensablauf	• The competent authority confirms receipt of the notification and informs you which additional documents it requires for assessment. • The competent authority shall examine within one month at the latest whether the change requires a permit pursuant to Article 16 Bundesimmissionsschutzgesetz. • As the project owner, you may carry out the change as soon as the competent authority informs you that you do not require an official permit. • If you do not receive a response from the competent authority within one month (after submitting all the required documents), you may carry out the change in the same way.
Bearbeitungsdauer	The competent authority shall assess within one month after submission of all required documents whether the modification of the installation requires a permit.
Frist	Notification: to be submitted at least one month before the start of the modification measure
