Sachverhalt

If equivalence is established, recognition will be granted. Recognition of non-university competencies can be granted for up to 50% of the credits to be acquired. In the event of successful recognition or crediting, this work does not have to be completed again. It is not necessary to take part in the corresponding examination (not even for reasons of grade improvement). It should also be noted that the application must be submitted in good time (as defined in Section 26 of the Framework Examination Regulations).

Note: If you change universities, please enquire about the relevant formalities at the new university.
