Teaser	Do you have a driving license from a country of the European Union or the European Economic Area and have moved to Germany? Then you need to have your driving license rewritten if it is due for renewal.
Volltext	If you have a driving license from a country of the European Union (EU) or the European Economic Area (EEA) and have moved to Germany, you must have your driving license transferred in the following cases: • the validity of your driver's license ends, • the validity of individual driving license categories ends. The German validity period applies to the driving license categories that are limited in Germany (categories C and D as well as the corresponding subcategories and trailer categories). This also applies if no or longer periods are entered in the foreign driving license. For EU/EEA driver's licenses of harmonized classes (classes AM, A1, A2, A, B, BE, C1, C1E, C, CE, D1, D1E, D

	and DE) you do not need a transfer. If you have an EU/EEA driver's license for non-harmonized categories and wish to drive a motor vehicle in Germany, you must have your driver's license transferred.
Erforderliche Unterlagen	• valid identity card, electronic residence permit (eAT) or passport (with current registration certificate if applicable) • a biometric photograph in accordance with the provisions of the Passport Ordinance (size 45x35 mm, portrait format, frontal view). • valid driving license from an EU or EEA country • Application for transfer of driving license, if applicable
Voraussetzungen	• You have a driving license from an EU or EEA country.
Kosten	The fee is based on the scale of fees for road traffic measures (GebOSt). If the driver's license is sent directly to your home address, an additional shipping fee will be charged.
