Teaser	Under certain conditions, you can use the privileged procedure for your proof of disposal.
Volltext	<p>The verification and register obligations under the Closed Substance Cycle Waste Management Act (KrWG) are aimed at documenting and monitoring the proper disposal of waste.</p> <p>As a waste-generating company that produces hazardous waste, you and the companies involved in its disposal must provide evidence of proper disposal, both to each other and to the competent authorities, and keep the necessary records.</p> <p>As a waste-generating company, you must provide proof of disposal even before the start of disposal in order to prove the permissibility of the planned type of disposal.</p> <p>The competent authority must confirm the permissibility of the disposal before it begins.</p>

Modul

Sachverhalt

The obligation to confirm the proof of disposal does not apply in the so-called privileged procedure. This applies to the following companies

- disposal facilities that are certified as a specialist disposal company or
- disposal facilities that belong to a company entered in the EMAS register or
- waste management facilities that have been exempted from the confirmation obligation by the competent authority upon request.

In the privileged procedure, disposal can begin immediately after the proof of disposal has been sent to the competent authority.

Erforderliche Unterlagen

In electronic form:

- Cover sheet (DEN)
- Responsible declaration (VE) of the waste-generating company
- If applicable, including declaration analysis (DA)
- Acceptance declaration (AE) of the company disposing of the waste

Voraussetzungen

- Software with which the verification documents can be created, processed and signed in electronic form and exchanged with other companies and the authorities. A personal signature card and a card reader are also required for the qualified signature of the forms.
 - The waste law establishment numbers of the producer and disposer or the producer and disposer must be entered in the verification forms. If these have not yet been issued, they must be applied for from the competent authority before the verification forms are created.
 - The waste disposal company must fulfill one of the required conditions:
 - Specialist waste management company
 - EMAS certification
