Teaser	If you wish to have a footpath crossing (lowered kerb) built, you must apply for a permit.
Volltext	A footpath crossing is also known as a lowered kerb. It is used for easy access to your own property from the street with a vehicle. To do this, you need permission in advance from the local civil engineering office. The civil engineering office can provide you with specific regulations on how the footpath crossing must be constructed.
Erforderliche Unterlagen	• Application, if available • Any necessary attachments (e.g. cadastral plan, site plan)
Voraussetzungen	You are the landowner, tenant or other authorized person.
Kosten	Verwaltungsgebühr: 22€ The fee is charged by the Schleswig-Holstein Road Construction and Transport Authority if it is responsible. You bear the costs for the construction of the footpath crossing.
Verfahrensablauf	• You apply to the responsible authority for the

Modul	Sachverhalt
	construction of the footpath crossing. • The application will be reviewed. • For more extensive measures, you must organize and carry out an on-site appointment in advance together with the responsible authority. • Once your application has been approved, you will receive a notice of approval and can have the footpath crossing built (subject to possible conditions and requirements).
Bearbeitungsdauer	Individually according to expenditure.
Frist	You can start work as soon as you have received permission.
