Teaser	From A for registration to Z for licensing: the team at the public authority number 115 will answer your questions about services provided by the federal, state and local authorities.
Volltext	You can use 115 to get answers to the most frequently asked questions from public authorities. It does not matter which authority, administrative level or jurisdiction is involved. For example: • I have bought a new car, when is the registration office open? • Where can I apply for my new identity card? • How can I apply for BAföG? • Where can I obtain information from the population register? • How do I register a business? The aim of 115 is to answer your questions at the first contact. If this is not possible, you will receive a response within 24 hours during the service hours, either by e-mail, fax or phone call. This is guaranteed by the 115 service promise. The time-consuming search for responsibilities and individual telephone numbers is no longer necessary. Most inquiries can be answered immediately, so that you do not have to contact the administration a second time with the same request. Unnecessary visits to the authorities are avoided.
