Teaser	You have applied for a permit for a plant requiring a permit? Then you can also apply to start construction of the plant ahead of schedule.
Volltext	<p>You have applied for the approval of a plant requiring a permit? Then you can also apply to the competent authority to start construction of the plant ahead of schedule.</p> <p>The competent authority can revoke the approval at any time. In addition, the approval may be subject to conditions or granted conditionally if you still have to meet certain requirements. The conditions are intended to ensure that the plant can be dismantled if it is not approved. For this purpose, the competent authority may require a security from you. Collateral can be, for example, the deposit of money or securities as well as guarantees.</p>
Erforderliche Unterlagen	<ul style="list-style-type: none"> • Application for early construction of a facility requiring a permit • required drawings, plans, expert opinions • explanations of the plant • other documents (if necessary, ask the competent authority)
Voraussetzungen	<ul style="list-style-type: none"> • From the application and the required documents, the competent body must be able to sufficiently assess the impact of the planned installation. • Your application must show a justified interest in the

State Office for the Environment of the State of Schleswig-Holstein

Formulare

ELiA stands for "Electronic Immission Control Application" and is an IT solution for applying for the approval of a plant in accordance with the Federal Immission Control Act (BImSchG). With it, you or the engineering offices commissioned by you can create the very extensive application electronically and send it encrypted to the approval authority.

Before filling out the permit application, please take advantage of the opportunity of a consultation with the licensing authority responsible for you (State Office for the Environment (LfU)).

ELiA offers a simply structured interface that is clearly structured according to individual forms and is supported by help, sample applications, default settings, key tables and plausibility checks. Saving is possible at any processing stage. The forms have to be processed in order, as there are dependencies between them.

Notes on shipping:

a) Postal dispatch on data carrier - You can send the application file with all attachments on CD, DVD or USB stick to the approval authority.

b) Electronic dispatch as a ZIP file via a secure mailbox (encrypted, possibly signed, automatic)
