In order to support students with the increased costs for heating, electricity and food, the Bundestag has passed the law on one-off payments (energy price lump sum) for students and technical school pupils. In addition, the state of Schleswig-Holstein has decreed an extension of the group of eligible applicants to include persons with permanent residence in Schleswig-Holstein who are enrolled or registered at educational institutions outside Germany in other European countries (EU, EEA and Switzerland). The energy price lump sum of 200 euros must be applied for.

There are two different methods for this. Detailed information can be found here:
